E. E. CARPENTER, Local Editor.

#### Church Directory

BAPTIST—Dwight Roberts, Pastor. Preaching Sunday morning at 10:30, evening at 7:00. Sunday school at 9:00. Praying on Thursday evening at 7:30. Y. P. C. U. Sunday evening at 6:30.

METHODIST—Rev. R. H. Gessner, Pastor. Preaching Sunday morning at 10:30, evening at 7:00. Sunday school at 9:00. Holy Communion the first Sunday in every month.

METHODIST EPISCOPAL—Rev. Geo. F. Ames, Pastor. Preaching every Sunday at 10:30 A. M., and at 7:30 P. M. Praying meeting Thursday evening at 7:30, and on Sunday evening. Sunday school at 12 M.

FRIENDS—Meeting every Sunday at 11. Praying meeting Wednesday evenings at 7.

UNIVERSALIST—Rev. WILLIAM S. BALLOU, Pastor. Preaching Sunday morning at 10:30. Sunday school at 12 M. Y. P. C. U. Sunday evening at 7:30.

#### HAPPENINGS OF LOCAL INTEREST.

We have had something of a "rainy spell."

Mrs. N. B. Pearsall has returned from her visit at Elmira.

Wanted on account, at the CHRONICLE office, a load of dry wood.

The ratio for corporation taxes this year is 8c on a hundred dollars.

Mumps is among the troubles endured by several of our young people.

June first and coal fires haven't been found very uncomfortable yet.

John A. Ward and family returned from their western trip last Thursday.

Mr. Fields of Pittsburg, is in town putting up the heating apparatus for the new school building.

Coal dealers have been notified of an advance of 30c a ton in the price of stove and chestnut coal June 1st.

M. Shanesy and wife and James Falls and wife attended the funeral of Henry N. Field at West Ononeta last Wednesday.

Miss Maggie Robinson of Garrattville, class '90 Morris school, has re-engaged as a teacher in the South New Berlin school.

The Ononeta Star last week spoke of D. I. Laurence of Morris being in that town the other day looking up a desirable place to buy.

In one sense at least marriage is a lottery. The clergyman never knows what he will get for performing the ceremony till after it is over.

During twelve days last past it has rained on ten of them. Also during that time the weather has varied from 80 degrees down to freezing.

On our fourth page will be found the admirable memorial address delivered by Rev. W. S. Ballou, before the veterans on memorial Sunday.

A party of six people from Schuyler's Lake are on a sojourn in the Adirondacks. Among the number we notice the names of Fayette Allen and wife.

The Ononeta Press starts off its 10th year under new management, A. G. Weed having bought a controlling interest in the firm, which is now A. G. Weed & Co.

The graduating class of the school will hold a lawn festival on Dr. Matteson's lawn on Saturday evening, June 16th. The Citizens Band will furnish the music. You are cordially invited to attend.

Morris friends offer congratulations on the following event:

Cards are out announcing the marriage of Miss Effie Emerson of East Sidney, to Walter A. Clark of Franklin, formerly of Laurens, to occur June 6th at 2 o'clock.

The band took in about \$20 at their festival last Wednesday. Owing to the rain it was held in Dilworth's shop. The boys received high compliments for their playing from Cole & Lockwood's musicians.

Our people should keep constantly prepared for burglars and sneak thieves. From all over the country and in near-by towns come accounts of their raids. They may visit our valley. Look out for them.

Look out for two dollar bills with the portrait of General Hancock on them. They are so cleverly counterfeited that government experts can scarcely tell the bogus from the genuine. The treasury department has called the genuine bill in.—Er

We have a stock bill to pay at once, and to meet it we must have what is owing us. Will those who are indebted at this office please call and pay up. We have long been patient, now make an effort to reward us.

L. P. & E. E. CARPENTER.

Owing to the rain the ball game between the professionals and the fat and inexperienced married men did not take place. This was doubtless disappointing to one of our druggists who we think worked up the scheme with an eye to an increased sale of liniments to his fellow sufferers!

Cole & Lockwood's circus arrived here last Wednesday morning in the rain, paraded at noon in the rain, showed during the rain, and departed early on Thursday morning in the rain. They gave two good exhibitions to a crowd of people, regardless of the rain. Their show is first-class of its kind (a genuine circus), and one thing especially commendable is the absence of vulgarity; and honesty of purpose seems to run through the conduct of the show to give the people what they pay for. They have an excellent band, fine horses, and first-class performers. They have had but five pleasant days since they started out and but one ideal show day. They expect to visit Morris again in two years.

The following item from a South Edmeston correspondent in the Brookfield Courier refers to the death of the father of Harvey and Frederick Page, former pupils of the Morris school. Mr. Page married a daughter of Mrs. Pascoe of this village, who survives him:

One more old soldier mustered out. Francis F. Page of South Edmeston, after one week of sickness, died at his home Thursday morning, May 24th, between the hours of 12 and 1, aged 82 years and three months. Mr. Page was a member of Co. K, 161st N. Y. volunteers. He was all through the siege of Fort Hudson, which lasted forty-two days, also took part in the Red River campaign, Cox's Plantation and Plains Store. He enlisted in August, 1863, and served three years and two months. He proved a good and faithful soldier, as well as a kind husband and father. The funeral was held at the church on Sunday. Eighteen of the G. A. R. Post of New Berlin took part in the services. He died on the 25th anniversary of his marriage.

A pair of spectacles were found in front of Dr. Matteson's residence Sunday. They are at this office awaiting their owner.—25c.

### NEWS OF THE CHURCHES.

#### First Baptist.

Rev. Thomas Littlewood will preach on Sunday morning next. The pastor will be visiting friends in Utica.

The church is being represented by a large delegation at Mt. Vision at the annual meetings of the Association.

The young people's society will hold a social on the church lawn on Friday evening of this week. A pleasant time is anticipated. If the weather is unfavorable the social will be held in the basement of the church.

The Y. P. S. C. E. voted a dollar towards the chapel being erected by a union Christian Endeavor society in Seneca county, where preaching has been sustained four years by the society in a schoolhouse.

#### Zion Episcopal.

The annual election of officers of the St. Agnes guild resulted as follows: President—Anna Peck. Vice-President—Mabel Aylesworth. Secretary—Grace McIntire. Assistant—Hattie Moffatt. Treasurer—Anna Lawrence. Assistant—Laura McIntire.

The guild was never in a more flourishing condition. Many new members have lately been added, and great interest is displayed in the work.

The young lady's guild will meet with Mrs. Gardner on Saturday at 1:30 p. m.

The St. Agnes guild will meet in the chapel on Friday at 3:30.

Bishop Doane will visit Zion church on Monday, June 11th. The service of confirmation will be held at 2:30 in the afternoon. This is the only time at which the Bishop could come before Mr. Gessner left and he has made a special effort to make the visitation. The rector will meet the candidates for confirmation after service on Friday evening. Owing to the short notice the rector hopes any one desirous of being confirmed will signify his wish, since it may be impossible for him to see all the candidates before the Bishop's coming.

#### Methodist Episcopal.

Children's Day will be observed next Sunday morning and evening. The morning program will consist of recitations, singing, etc. In the evening an excellent program prepared by C. H. Payne, LL. D., entitled "The Church of the future," will be rendered by the school, interspersed with songs by the little ones.

All are invited to the church next Saturday to decorate the church.

Choir meetings Wednesday, Friday and Saturday evenings.

The ladies' aid society met at the parsonage last Tuesday. A good number were present and \$4 was received. The following officers were elected: President, Mrs. H. Hendrix vice-president, Mrs. Angel McIntire treasurer, Mrs. Geo. Mather secretary. They will hold a strawberry and ice cream festival on the church lawn next Wednesday afternoon and evening, June 13. If the weather is unfavorable it will be held in the church parlors. Proceeds to go towards painting the parsonage.

#### MEMORIAL DAY.

Nature wept in keeping with the memory of the day. Memorial day was remembered appropriately in Morris At 8:00 a. m. a line was formed at the schoolhouse by the fire department, a large number of pupils of the school, the Post twenty-one strong and citizens, headed by the band. The march was direct to the cemetery, where the following program of exercises were carried out, N. Bridges having charge for the Post:

Singing by Messrs. Carpenter Dilworth Ripley Reading Orders by Adjutant Bailey Address by Rev. R. H. Gessner Music by the Band Decoration services by Kidder Post Singing by Messrs Ripley Dilworth Carpenter Address by Mrs. W. D. Johnson Music by the Band

The line was then re-formed and marched around the cemetery while the school pupils decorated the graves of the soldiers with flowers.

The addresses by Messrs. Gessner and Johnson were admirable, both touching upon the necessary importance of teaching patriotism and love of country to the present generation. The latter speaker very properly bore down upon the growing tendency of making Memorial Day a day of frivolity and sports rather than what it is or should be.

#### COMMENCEMENT WEEK.

June 16—Lawn festival by class of '94.

June 17—Baccalaureate sermon in the evening by Rev. R. H. Gessner

June 18-20—Grade examinations and ranks given.

June 21—Commencement exercises at the Baptist church at 8 p. m.

June 22—Field day sports at 9:30 a. m. Alumni reception at Kenyon hall at 8 p. m. A business meeting of the association at same place at 7:30.

#### WEDDING AT WELCOME.

There was a quiet wedding at the Baptist parsonage on Monday evening, May 28th. The contracting parties were Miss Olive E. Welton of New Lisbon, formerly of Morris, and Jesse A. Withey of Morris. Rev. John Bowler officiating. May the sunshine of love's joy shed its beams over their pathway, and the comforts of prosperity be their lot as they journey together over life's troubled sea.

#### REGENTS' EXAMINATION

These examinations will be held in our union school during the week beginning June 11. Pupils from other schools are admitted to these without charge:

Monday—A. M.: advanced arithmetic, advanced drawing, P. M.: advanced grammar, German 2d year.

Tuesday—A. M.: arithmetic, rhetoric, reading course I, botany; P. M.: physical geography, geography, civics, economics.

Wednesday—A. M.: elementary English, algebra, chemistry, plane geometry, drawing; P. M.: spelling, English composition, reading course IV., astronomy, physiology.

Thursday—A. M.: German 1st year, U. S. history, Latin 1st year, Caesar, physics, English history, book-keeping.

Friday—A. M.: Roman history, N. Y. history; P. M.: English reading, solid geometry, geology.

### OTSEGO AND ADJOINING COUNTIES.

It is reported that the Rev. J. H. Brandow is the most graceful bicycle rider in Ononeta.

Wildcats killed nine lambs owned by John Baxter of Baxter Mountain, near Downsville, recently.

Rev. Mr. Shepherd of Long Island, has accepted a call to the pastorate of the Worcester Baptist church.

M. L. Keyes of Ononeta, owns a tract of 8,000 acres in the Adirondacks. It is reported to be rapidly increasing in value.

Six tubs of butter were stolen from the Ononeta Plains creamery the other night, and their whereabouts are still a mystery.

An addition to the Delaware county court house has been voted at an extra session of the Board of Supervisors. It will cost \$10,000.

Mr. Harrenden, a lay reader, who has for several months had charge of the Episcopal church at West Burlington, has resigned.

Edmeston will celebrate the Fourth in great shape. The citizens have held meetings, appointed committees and elected officers. E. R. Gregory is president of the day.

Simeon B. Wilson has been elected president of the new national bank at Schenectady. W. P. K. Fuller of Cooperstown, was offered the position of cashier, but declined it.

On account of rain, inaccessible grounds and a broken bridge, Barnum & Bailey's "greatest on earth" did not exhibit at Walton. It was estimated that ten thousand people were in the village to attend it.

George I. Wilber has presented to the M. E. society at Ononeta the sum of \$2,300, that amount being the total expense to the church of the construction of the Presiding Elder's new parsonage in that village. A generous act.

D. F. Wilber has been named by Gov. Flower as a member of the committee ordered by the last Legislature to investigate tuberculosis in cattle, in place of the State Board of Health. The place is one of honor and not pay.

The Board of Education of the Gilbertsville union school have elected Fenton C. Rowell as their new Principal. He is a graduate of Colgate university class '08, where he also taught Latin and Greek. He then had charge of an academy in Pennsylvania three years and of the Marion (N. Y.) academy last year.

C. B. Dubois, who a short time ago at Ononeta, while claiming to be a representative of the Genesee Loan Association, passed a worthless check on Landlord McConnel and carried off a mileage book belonging to M. G. Keenan has been arrested at Ononeta for a similar offense committed at Cortland, and is now serving a six months term in the Syracuse penitentiary.

John Wood, aged 103 years, died in New Berlin last week. He was born in England and came to this country when he was 30 years old, being by trade a brewer. He worked at his trade in New Berlin fifteen years for the late Samuel White. He also worked in breweries in Banghamton, Cooperstown, Onondaga Falls and Norwich.

The Delaware County Bank of Delhi has transferred its business to the Delaware Loan and Trust company under whose management the banking business will be continued. This company has a capital stock of \$100,000, with a surplus of \$10,000 and can do all kinds of banking business and in addition to that act as executors, administrators, receivers, assignees etc. It is the only company of that kind in the State outside the city.

Cyrus Parsons of Cazenovia, the eighty-eight years old groom who was recently united in marriage to young Mary Jones of Nelson, has published a notice that he will be responsible for no debts contracted by his young bride, as she has left his "bed and board without just cause or provocation." Mary ought not to feel bad at this unnatural conduct on the part of her ancient "hubby," as he made her a present of \$3,000 on the day of her wedding. She is, therefore, probably in shape to settle her own debts.

Following is an account of the peculiar killing by lightning of ten valuable Guernsey cows belonging to Samuel L. Hoxie of the Unadilla valley, on Monday morning, May 28th.

The cattle were in a pasture near Mr. Hoxie's house, and when the storm broke they were standing along a barbed wire fence. The electric bolt struck a tree near the fence, jumped to the wire and followed it to the cows. Ten of the animals were instantly killed. Among the number were two which were exhibited last year at the world's fair. They were all valuable animals, being among the best in Mr. Hoxie's herd.

At Chaserville the other day Edward Shultz drew the cartridges from his revolver, and then kept pulling the trigger to show his uncle Abram Shultz how well the spring worked, with the usual results. A cartridge that had been overlooked was dis-charged, and the bullet entering the abdomen of the uncle passed completely through his body, making an ugly wound. The man may recover, but at present is in a critical condition. We are "too tired" to point out the moral connected with this incident.

#### A CURIOUS COLLECTION.

The Ononeta police have in their possession a satchel owned by one of the gang of crooks which was in that town the day of the Star circus. In speaking of the contents of the bag says:

In the collection are several packs of cards of various sizes and quality, also a large number of dice of different sizes, some of which had only three different numbers on them and others various combinations. There are also skeleton keys and tools used to pick locks. A very delicate little instrument is one which fits easily beneath the finger nail with a small point projecting, used to prick the backs of playing cards. The most peculiar article in the collection is one of considerable mechanism, and evidently cost quite a sum of money to make. Fastened in the sleeve of a double-breasted shirt is a metal contrivance that will hold several cards. This is connected by a spiral wire running to a wheel within a metal cylinder, and from this runs a cord which fastens finally at the ankle or foot. By straightening the leg when seated, the appliance throws the cards to the wrist, so they can be reached by the hand. By bending the knee the cards may be drawn up the sleeve again. An expert gambler's lay-out.

### Local Correspondence.

Garrattville.

George Ballard has so far improved in health as to be able to sit up two hours at one time. For the first time in many weeks he was partially dressed.

Mr. Cross, the cheese maker at the Brick school house, had the misfortune to lose a valuable cow recently.

Wilber Estes had quite an adventure recently, he kept losing chickens by one of his neighbor's cats catching them, until he lost twenty-five in that manner. Getting up early one morning and looking toward the hen coop he saw the old cat, and taking his gun at present arms he went out with nothing but his shirt and drawers on, stepping "high wide and handsome" through the tall grass. "He thought he was a goner but the cat came back." But the old cat came back once too much and Wilber got a crack at him which ended his life.

A. H. Gregory has been staying at home the past week, but starts out again the first of this week.

Hube. Gregory has a sick horse at his father's. He is driving a lively rig.

Two weeks ago Saturday what is known as the Hook hill, was worked with a road machine. The mud is—well there is no telling how deep. Nearly all the loaded teams go by the Lake or over the hill to Edmeston.

Ayro.

The patrons of the Cold Spring creamery received 84 cents per hundred pounds for the milk delivered in April. Maple Grove 69 cents per hundred.

John J. Cook, wife and son visited at Emulus Gardner's, Laurens, last week.

G. P. Harris and wife visited last week at S. R. Dixon's, Gilbertsville.

Arthur Stevens was married last week to Miss Campbell.

Ebenezer Nearing lost a good horse about a week ago.

Thomas Harding received a fall the other day and broke one of his hips. The fracture cannot be reduced on account of his age and feebleness. He is feeling as comfortable as can be expected. Miss Elizabeth Harding of Brooklyn, is visiting with her parents spending her vacation and caring for her aged father.

Mrs. Patrick and family visited last week with Rob. Dixon and family of Morris.

Burt Emmons killed ten woodchucks in about one hour in M. J. Ford's orchard one day recently, and Walter Ford killed one with a stone.

Mr. Gillette of New Lisbon, and Lavette Lent of Ayre, are in litigation. Gents keep clear of the law, for the lawyers will get the meat and let you pick the bones.

Pittsfield.

Wm. Medbury of Pecktown is having his house newly painted.

Mr. Dye is building a new foundation to his barn.

Mrs. Addie Medbury is entertaining relatives from the west.

The freeze which occurred a few nights ago did much damage in this vicinity.

Flora Talbot of Edmeston spent last week at Wm. Morse's.

We should judge that Morris is erecting a very fine new school building.

Dimock Hollow.

We beg leave to correct the Ebenezer correspondent in regard to the name of our new band. We would say that we have a thoroughly organized band which will be known far and near as the Hillington Lake Drum Corps under the leadership of Merion Angell prepared to furnish music in abundance on short notice. They serenaded A. Backus and family a few nights since and he says the rats have all left his premises. There is some talk of celebrating the fourth here, and if we conclude to do so we will invite Morris and the small settlements around to join with us.

Wm. Allen, our lumber merchant, has the contract for furnishing the 12 inch timbers 25 feet long for the new block at Gilbertsville and is engaged in hauling the logs with three teams. He has also painted and refitted his beautiful boat Red Wing and launched her upon Hillington Lake for the season, for the benefit of bull-headers and summer tourists.

Our cheese factory is receiving 7,600 pounds of milk daily, under the supervision of Frank Card with Fred Card as helper. They made their first dividend Wednesday morning so we were able to furnish about the usual contribution to the circus fund, and as the people wended their way slowly homeward through the rain and mud heartbroken and almost discouraged we could hardly repress a sympathetic tear.

John Daniels has his new barn nearly enclosed, which will be a much needed improvement.

Leander Moffatt is repainting his house.

Henry Paddgett is making improvements on his new farm.

Frank Goodrich visited at James Moffatt's last week.

Frank Card has opened a grocery store at the corners, and is prepared to supply customers in his line.

Ebenezer Chapel and Vicinity.

Old horse jockeys want to look wild when they trade horses with boys—especially with such boys as George Kilkenny. Ask Welch what he thinks about it.

The patrons of Hayti creamery are quite jubilant over the fact that Hayti beats the Dimock Hollow factory nearly 7c per hundred pounds of milk.

The rain last Wednesday kept some of us from attending the circus at Morris.

Charles Nichols is running opposition to John Bellamy, whitewashing Jim Jams.

Strayed from the hen house of E. A. Miller a black Spanish rooster. No reward unless returned alive.

### POPULAR SCIENCE.

There are stars whose diameters are greater than that of our whole solar system.

If human dwellings were constructed on the same proportionate scale as the anthill of Africa private residences would be a mile high.

The eggs of the Florida chameleon are hatched by the heat of the sun. If kept in dry sand at a temperature of not less than 98 degrees F. nor more than 106 degrees F. they should hatch.

According to Clark, the equatorial semi-diameter is 20,920,202 feet—8963,296 miles, and the polar semi-diameter is 20,854,895 feet—8950,738 miles. One degree of latitude at the pole—69,407 miles, one degree of latitude at the equator—68,704 miles.

Krupp, of Prussia, claims as the result of his own experiments that while only ten to fifteen per cent of heat units are utilized in the modern steam engine, if the coal is powdered to an impalpable powder and exploded in cylinders, after the manner of an ordinary gas engine, seventy-five to eighty per cent of the heat units may be realized.

LEAVES of the Talipot palm in Ceylon sometimes attain the length of twenty feet, with a width of eighteen feet. They are used by the natives in making tents. The leaves of the double coconut palm are often thirty feet long, while those of the Inaja palm on the banks of the rivers of Brazil are sometimes fifty feet long and ten to twelve feet wide.

#### PERSONAL PARTICULARS.

PROF. ERNST HAECKEL, the "German Darwin," is sixty years of age, and has been connected with the University of Jena thirty-three years.

SENATOR COLQUITT died a poor man, notwithstanding all the golden opportunities presented by his long membership in the millionaire's club.

JOSEPH JAMES CHEESEMAN, the president of Liberia, was born in that country. His parents were sent out to Liberia by the American Colonization society and were among its early founders.

WILL CHARETON says the total output of poetry in 1896, is nearly three million poems. Spring was the theme of two hundred and fifty thousand and despair one hundred and thousand and discontent ten thousand.

JOSUA GOWAN of Baltimore, who was a member of Gen. Lee's staff has given to the Mar and Confederate home the complete set of the general's letters. It is a much worn looking book captured originally from United States troops.

The Shah of Persia is exceedingly superstitious. He always carries with him when he travels a circle of amber which is said to have fallen from Heaven in Mohammed's time and which renders the wearer invulnerable to a extent of gold which makes him invisible to all evil and a star, which is potent to make conspirators instantly confess their crime.

## HEART AND KIDNEY TROUBLES CURED

Min Green, Morris, N. Y.

### DANA'S SARSAPARILLA

THE KIND THAT CURES

Mrs. Rosette L. Greene, of Morris, N. Y., writes:—"My husband used your Sarsaparilla for a bad case of Heart Disease, that had troubled him since he was 17 years of age. It cured him, and he is able to work. My little girl was weak, emaciated, and suffered greatly from the Kidney Disease. A persistent use of DANA'S SARSAPARILLA CURED her, and she is well and strong."

Certified to by Dr. J. J. WARRICK, Druggist, MORRIS, N. Y.

DANA SARSAPARILLA CO., Belfast, Me.

### GREAT VICTORY OVER MUSCULAR RHEUMATISM

Liver Torpid and Terribly enlarged. Completely prostrated. Entirely Cured by Five Bottles of DR. SOUTHWORTH'S BLOOD AND KIDNEY REMEDY.

A REMARKABLE CASE. LEONARDVILLE, N. Y., Nov. 2, 1891.—Mr. H. C. Southworth, Dear Sir:—This is to testify that I have used your Blood and Kidney Remedy and know it to be a genuine medicine. While working at my trade in Utica I was prosstrated by Rheumatic Kidney and bladder troubles, being unable to walk but about 100 feet at a time and I was terribly bothered by a sort of burning, itching, and gnawing pain in my lungs, so that every little thing I had to stop and get my breath. Physicians pronounced my liver to be torpid and my kidneys enlarged. I returned home unable to work. When my attention was called to Dr. Southworth's Blood and Kidney Remedy I determined to try a bottle and was surprised to see the immediate effect. I continued the use and after taking five bottles I considered myself cured, being now in excellent health and able to do any amount of labor without any of the old symptoms returning and I consider the Blood and Kidney Remedy one of the best medicines I have ever used. Yours, H. C. SOUTHWORTH.

PROPRIETOR: LEONARDVILLE, N. Y.

The above Remedy is sold by J. A. & R. Hoke, dealers in Drugs, Medicines, Groceries, Boots and Shoes, Morris, N. Y. Our stock is complete.

### GREAT VICTORY! SERIOUS CASE OF Cancer Cured!

BY A FEW BOTTLES OF SOUTHWORTH'S BLOOD & KIDNEY REMEDY

After an operation had been advised by several of the best Physicians. Permanently Cured. Read the Following:

BROOKFIELD, N. Y., June 13, 1891.—H. C. Southworth, Leonardville, N. Y.: Dear Sir—I was troubled with a Cancerous Growth Upon My Cheek and which afterward appeared on my hip, causing severe pain, and which was pronounced by several of the best Physicians a cancer, and an operation advised. I tried various remedies with no success whatever until I commenced the use of Southworth's Blood Purifier.

After taking a few bottles the swelling, pain and growth entirely left my cheek and lips and all Cancerous symptoms completely disappeared, and for three years I have been entirely free of the trouble and consider myself cured. I do not hesitate to recommend Southworth's Blood Purifier.

H. C. SOUTHWORTH, PROPRIETOR, LEONARDVILLE, N. Y.

Dr. Southworth's Blood Purifier is sold by J. A. & R. Hoke, Morris, N. Y.
