FOOTBALL SEASON 1951

The football season was cut short this year because of a flu epidemic in all the schools. We did manage to play three games before the schedule was cancelled.

As this was only the second year of football for Morris there was still a certain amount of inexperience which was a small handicap. Despite this many of the boys showed much promise which should prove to be valuable in future years.

Most of the backfield work was done by George Mayers, Jerry Gould, Chris Green, Bobby Jay, and Ray Hyde. Hank Decker, John Falvo, Fred Haug and Bob Sohm handled most of the action at the ends, while George Gugel, John Whitman, Lana Simonds, Gary Fisher, and Fred Palmer filled in the middle gap. Coach Hurley is losing seven of the boys from last year's team making it necessary to mold together a practically new team next fall.

Basketball 1957-58

This year's basketball team was the most successful one Morris has produced in quite a few years. They took the league championship and consequently moved into the sectional playoffs. They weren't as successful here, however, as in the league, for they were defeated in the first game, thus dropping them from future competition.

Although coach Clement will lose four of the boys via graduation, everyone feels that next year can be a successful one because of the large number of lowerclassmen making up this year's team.
