## THESE ARE OUR STUDENTS

Posterity upon the school is hurled:  
The late, the tousle-head, the tightly curled,  
The fat, the thin, the impertinent, the shy,  
The failure, and the darling who ranks high;  
The black, the white, the brown, the golden-haired,  
The always ready and the unprepared;  
The timid and the quiet and the loud,  
The earnest and the docile and the proud,  
On art, on business, or on beauty bent;  
For clothing trades or foods the parents sent  
The pretty and the homely and the sad,  
The sick, the disobedient, the too glad,  
The bold, the sleepy-eyed, the sweater-clad,  
The sweet and the demure, the especially clean,  
The playful, the athletic, the young queen,  
The little and the tall, the spoiled, neglected.  
Here's every phase of family life reflected.  
These are our joys and troubles, you perceive,  
These are our students; may they stay, not leave.\*

# A NEW LOOK

A tangle of scaffolding grew up around the building as the workmen began replacing drafty old windows with new airtight ones.

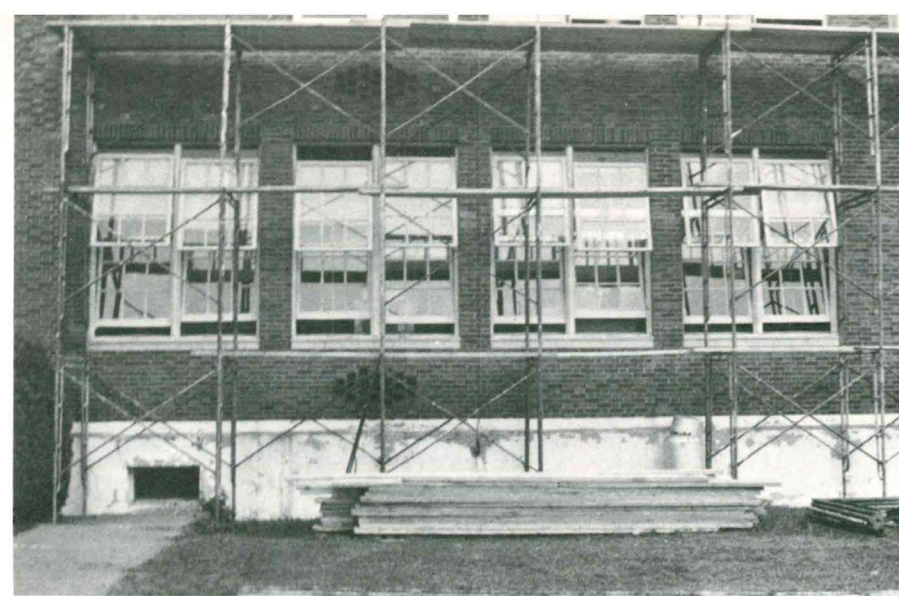

Two students, Martha Gorton and Lisa Raymond, consider some of the changes that have taken place at MCS this year.

Many students began school in September in classrooms with unpainted walls and windows covered with plastic.

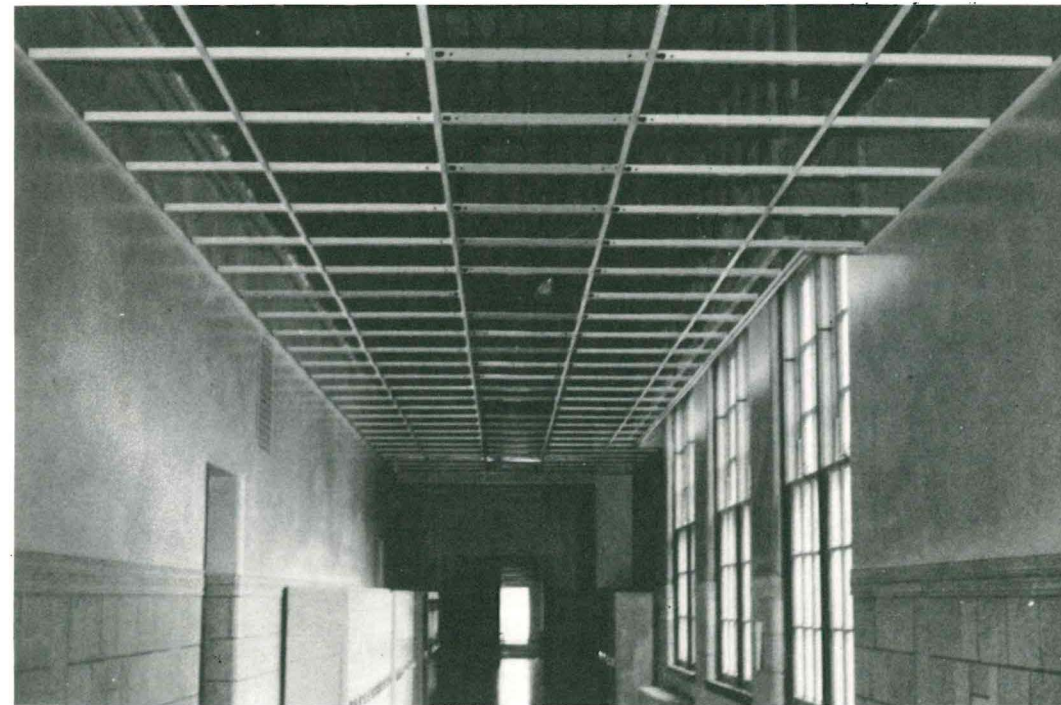

This year the first and second graders' windows to the world were reduced to save winter heating expenses.

As students returned from a weekend to resume their educational goals, they discovered an unfamiliar parasite entwined about the school.

Beginning school in the fall we found the ceilings torn out and a spiderweb of metal stretching from wall to wall.

Our yearbook theme, "A New Look", is addressed to the many changes that are taking place at MCS this year.

One of the most obvious changes is in the school's appearance. When we returned this fall, the program to renovate the building was in full swing.

Amid this tumultuous disarray, three new teachers found their way to Morris; Mr. Wilcox as band director and Mr. Feleppa and Mrs. Bourgeois as English teachers. Mrs. Bosco moved to the reading room and Mrs. Boggs

relocated to the third grade.

The yearbook has also taken on a "new look". The cover states our theme which serves to unify the book. The format has also changed by the addition of full page spreads. The class section includes copy written by the students and highlights group projects.

We intend this book to serve as a document of the new look that is part of our school life.

# A New Administration

A new administration for M.C.S. which goes with the New Look of our school.

# Dedication

After 13 years of dedicated service to the school and community, Carl Utter retired last year. He is now vacationing in Florida, enjoying his hard earned rest, fishing and camping. The school will never forget Carl Utter, and is deeply appreciative of the many years he spent with us.

Pick of the crop.

A hard and dedicated worker

Now that's retirement.

# Argentina presents.....

Our exchange student, Guillermo Roberto DePiero, came to Morris in September all the way from Tres Arroyos, Argentina; about 300 miles south of Buenos Aires, the country's capital.

He has two older sisters, Maria Isabel and Maria Ines, who live in Buenos Aires. One is studying to be a veterinarian and the other an architect. Guillermo's father, Roberto Luis Jose, is a veterinarian and his mother, Sara Ines, a principal of a private school in their town.

Guillermo attends a private secondary Catholic school and after graduation in the United States, he will attend three more months of school in Argentina, where he will officially graduate. Guillermo then plans to enroll in oceanography courses in a Buenos Aires college.

To this auspicious career he will then devote his life.

...Guillermo would like to thank the following families for helping him enjoy his pleasant stay in the good old U.S. of A.:

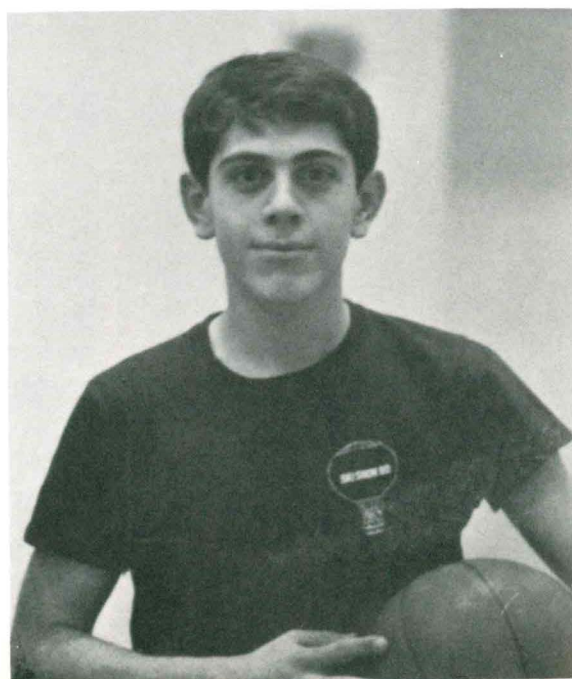

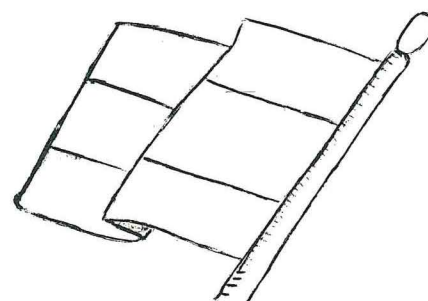

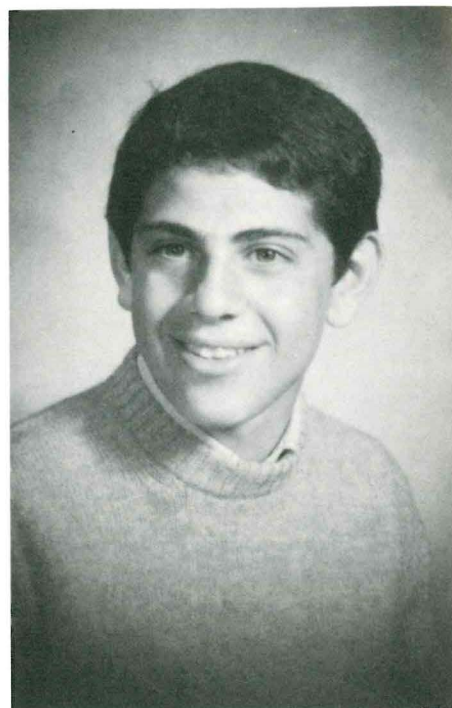

The Dugan Family  
(Sept. to Nov.)

The Boggs Family  
(Nov. to Feb.)

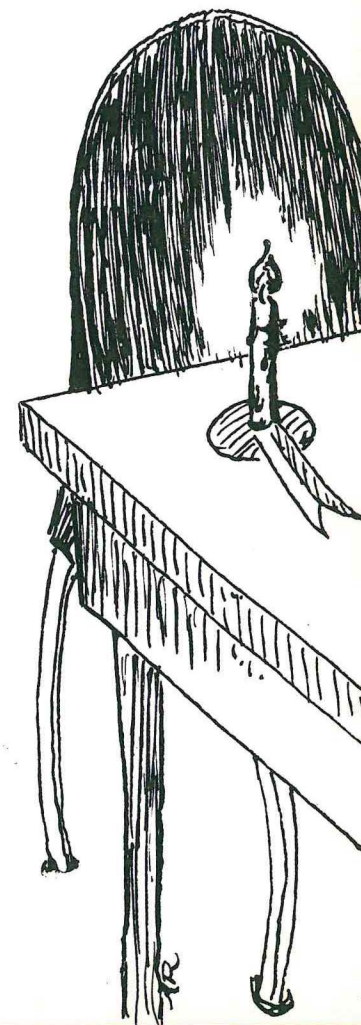

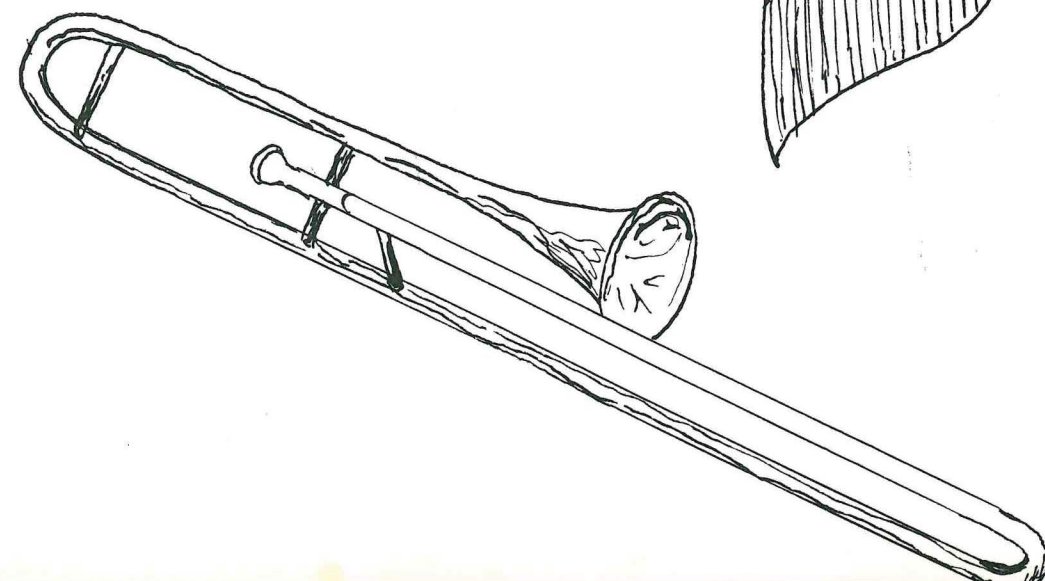

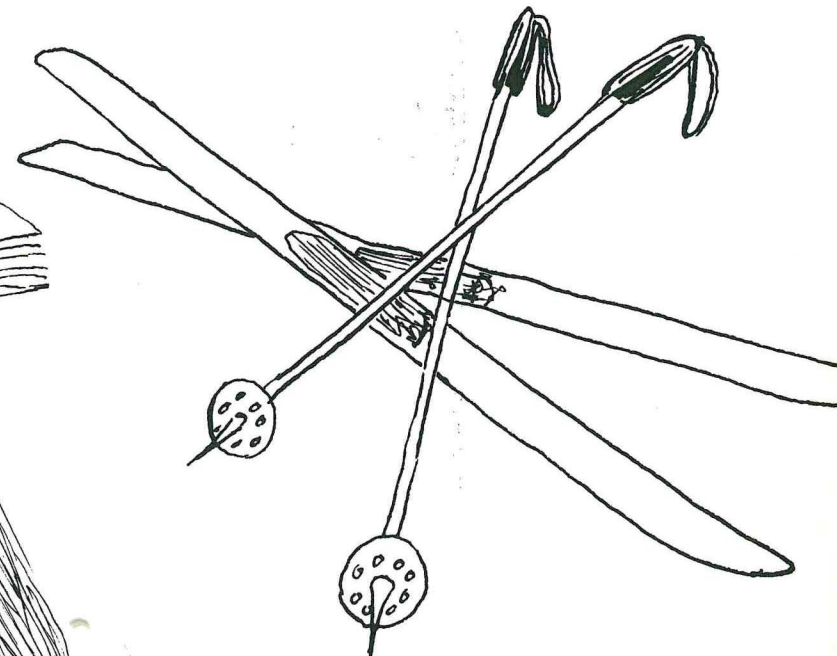

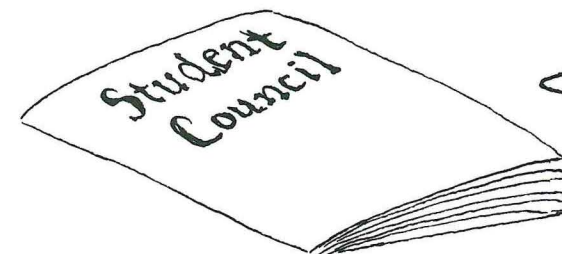

The Gleussner Family

# What we do

# Homecoming

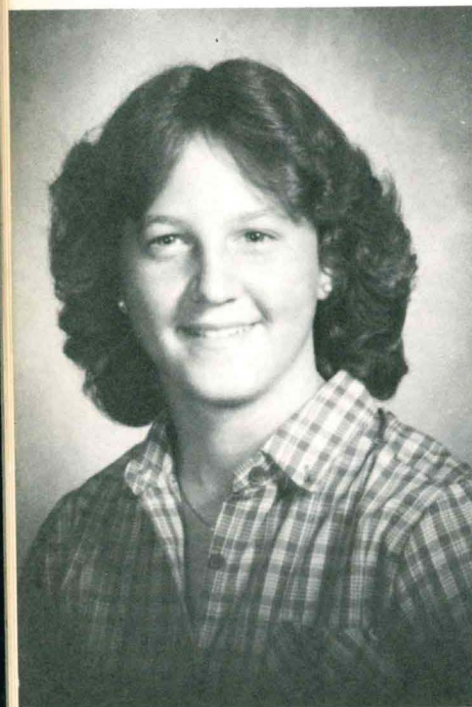

This year's Homecoming was a well planned and successful event. It all began on Wednesday, October 1st, which was "Get Excited Day!" Everyone participated by signing their names to a poster to show their spirit. This was followed with a "Burn 'Em Up Day" and "'Legal' Hat Day." On Friday a luncheon was held for all sports players. It was also "Good Luck Day" and we showed it by hanging a big horseshoe poster and putting the players' names on it.

We had plenty of activities going on through out the week. Friday night at the pep rally there were lots of students and parents who participated to show their support.

Then Saturday came rolling in and everybody was fired up to go!

The game started off great and although the Mustangs fell behind they still fought for everything they had until the end which proved they didn't give up easily. After the game all sports players and parents were invited to a banquet held by the cheerleaders at Mrs. Boggs' house. Saturday night there was a dance which was fun for all.

The cheerleaders did a great job of planning Homecoming 1980. To show our appreciation, the players and cheerleaders would like to thank all participants.

# A Hard Struggle .....

Coach Naples attributes the team's record of 1-5 to the fact that the team is young and inexperienced this year, with nine freshmen, six sophmores, four juniors and seven seniors. Leaving the team is Barry Spaulding, John Weidman, Kevin Mitchell, Ed Deaver, Kelly Dugan, Chris Fisher, and Jack Altrath.

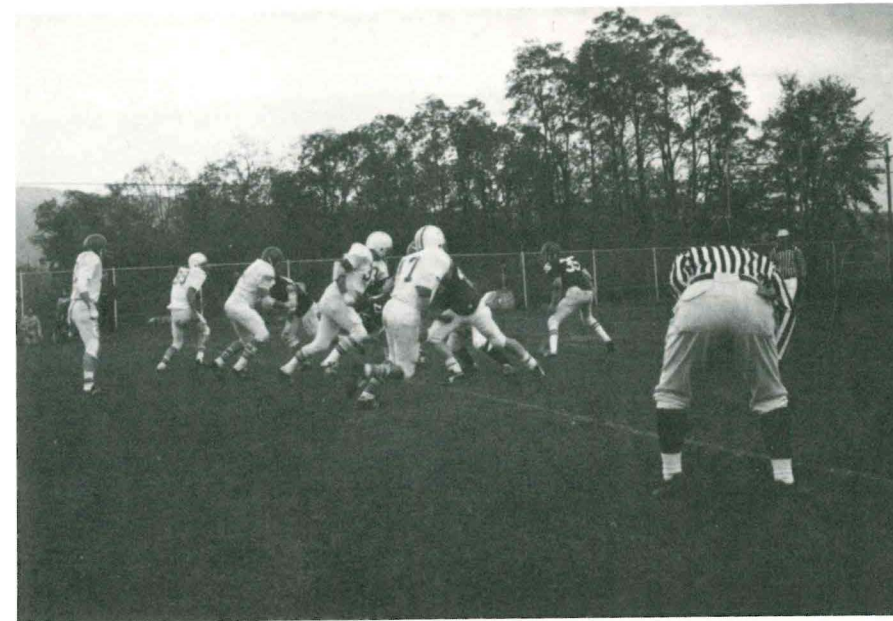

The high point of the season was our one and only win over Laurens, 14-6, the last game of the year. The team played hard, but was unable to bring home the wins that the Mustangs had hoped to claim.

The Junior Varsity had two outstanding games, one with South New Berlin which was a 6-6 tie and a victory over Laurens 34-20.

The total goals amounted to 39 while they gave up only 26 pts. in 12 games. The team will be losing Seniors B. Benjamin, B. Elliott, C. Forgit, M. Gorton, D. Gunther, and C. Walling. # Spirit Of M.C.S.

The 1981 Morris Cheerleading squad was advised by Mrs. Boggs.

Again this year the cheerleaders planned Homecoming week with a spirit theme and a dance on Saturday night to raise money for the new varsity basketball sweaters.

The girls worked hard all year preparing cheers, chants, pom-pom routines, and making posters to support the teams throughout the year.

Another important addition this year was the pep squad formed by Mrs. Gunther, which is composed of 15 future cheerleaders who helped support the players and cheerleaders at the home basketball games.

The captains for the year were Lori Treiber for the J.V.'s and Diane Gunther for the Varsity. Next year the squads will miss the loud voices of Deb Decker, Diane Gunther, and Carolyn Walling.

# Varsity Basketball

The 1981 Varsity Basketball team had a 50/50 record; however, this does not reflect the many exciting games that they lost by one or two points.

The team was coached by last year's J.V. coach, Peter Naples.

The team was made up of eight seniors: Bill Boggs, Ed Colburn, Dave DeLuca, Kelly Dugan, Doug Martin, Scot Stauch, John Weidman, and our exchange student, Geesh DePiero; and two juniors: Duke Hoag and Jay Quintin.

The departing seniors wish Duke and Jay good luck with next year's team.

The starters consisted of: D. Stafford, L. Tiffany, M. Walling, an eighth grader, J. Benjamin, an eighth grader, and D. Pickens. J. Brodrick, another eighth grader, also had a great deal of playing time.

The J.V.'s look forward to the next few years, as their young team should improve.

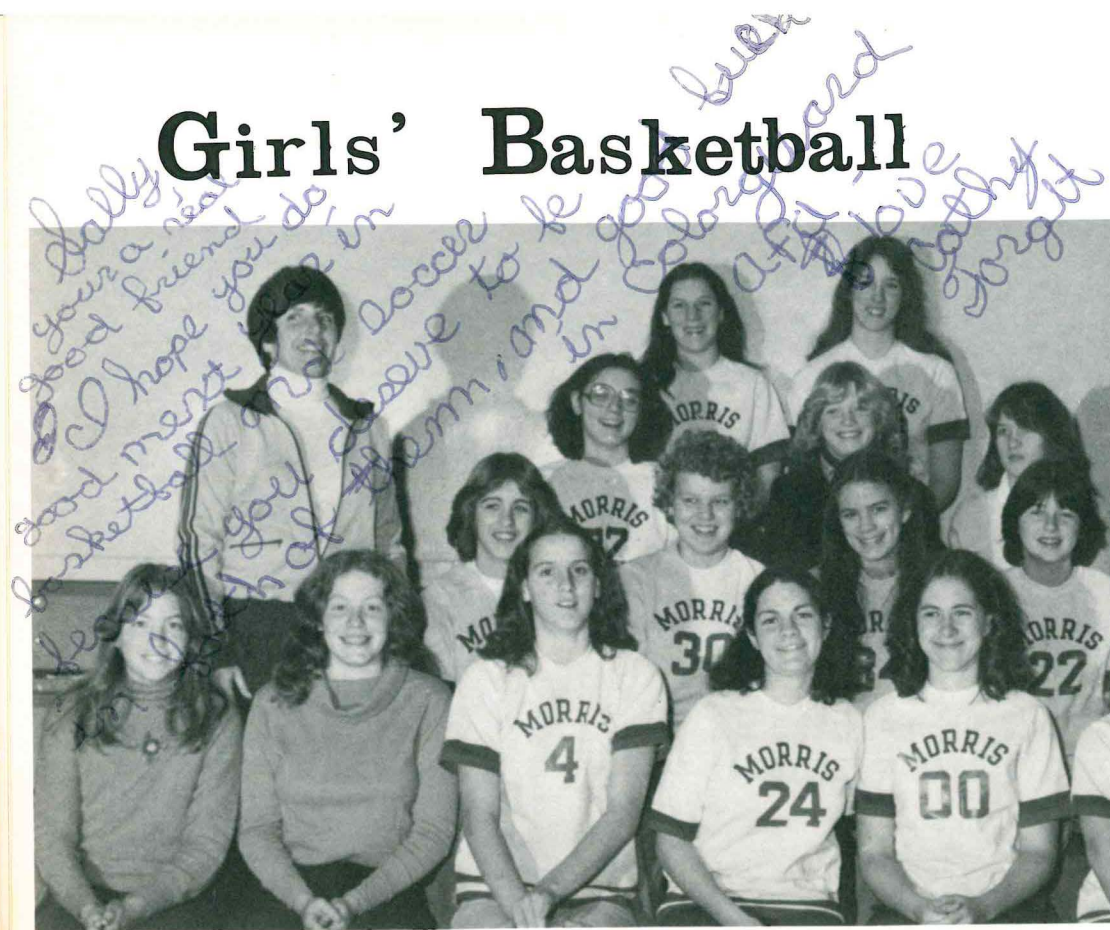

Despite their inexperience, the J.V.'s kept trying throughout the season.

Two of the members of the team were chosen as the Daily Star's Athlete of the Week. They were Brenda and Martha. Martha was also chosen as athlete of the month.

## Yearbook

Journalism class has two publications this year, the 1981 Morrissonian and the "Morris Code", a bimonthly newspaper.

The newspaper will be covering a wide variety of subjects ranging from school and local issues to national and international issues.

Putting a yearbook together was a new experience for most of us so the yearbook got off to a slow start, but we hung in there and soon found that with a little hard work and determination we could do it.

Our apologies for the hand typed copy. We had hoped to have the type set to give the book a more professional appearance but due to inflation it wasn't possible. However there is always next year.

Mrs. Foote's everyday duties include reading books to the elementary students.

## Library

We all enjoy having Mrs. Foote back at MCS, after a year of absence. Heading the library department is a large responsible job which she and Mrs. McWilliams handle with efficiency and dedication.

# A World of Music

As vocal director, Mrs. Herrick instructs all choral groups as well as elementary classes. Instead of a conventional "stand up concert", she spends many long hours writing and preparing scripts which the students perform.

The Christmas program involves not only the older students but the elementary classes and chorus as well.

The spring show is always an original musical or variety show, where the students have a chance to do their own thing!!!!!!

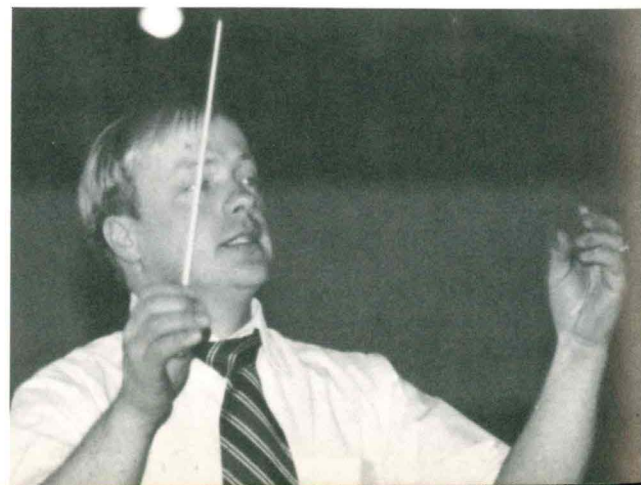

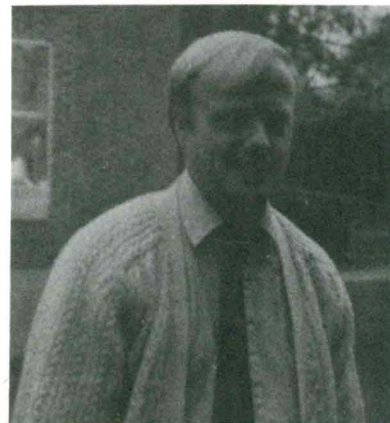

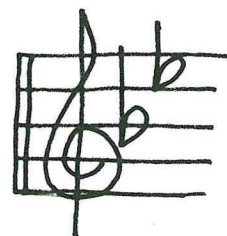

Mr. Wilcox, the instrumental director, is a new addition to the music program. He directs the elementary through high school bands, jazz ensembles, colorguards, and marching bands.

As a jack-of-all-trades, he is not only

a director and an instrumental instructor, he also repairs instruments and arranges music for the band.

Many long hours of work are put in every day to keep the music program running smoothly.

# Elementary Music

The Elementary band and chorus is made up of elementary students learning the world of music. They each meet twice a week to practice.

The band is directed by Mr. Wilcox, where as the chorus is directed by Mrs. Herrick.

The Senior High Band meets three times a week and performs in two concerts a year. It is currently under the direction of Mr. Francis Wilcox who joined MCS this fall.

The band won first place in concert band in the

1980 Sherburne Pageant of Bands under the direction of Mrs. Kathy Gaeta, who left at the end of the summer.

The members work together to become fine musicians which involves a lot of practice and hard work.

Bill and Robin concentrate on the music during band practice.

Carolyn, Bob and Becky play together as a saxophone section.

John Wheeler keeps an eye on the conductor.

In the winter concert, the chorus performs a musical variety show in which everyone participates.

In the 1980 concert the chorus performed a play entitled, "A Tribute to Walt Disney." Every member dressed as a Walt Disney character and performed the play in front of a receptive audience.

Carolyn Walling is Drum Majorette and must direct and control the band. She came in first at the State Fair competition last summer.

This year the band is looking forward to a successful marching season with the new director Mr. Wilcox.

## Honor Society

The Morris Chapter of the National Honor Society and its members have always been aware of the advantages of achievement through academic excellence. Our best students have always been able to challenge the future, and the Honor Society would like this challenge to be met by more and more of the upcoming student body.

The members are: Martha Gorton, Becky Elliott, Carolyn Walling, John Wheeler, Brenda Benjamin, Beth Bronson, Martin Gorton, Peggy Quintin, and Barry Spaulding.

The student council has done many interesting things for Morris Central this year. We now have 3 minutes between classes and class periods are 2 minutes shorter.

The council is presently reviewing the student code of conduct and is considering the purchase of a new score clock for the gym if they can raise the money.

## FHA

The FHA, with Vicki Pickens as their President, is a very active group.

In the fall they attended classes in leather craft, interior decorating and a Mary Kay makeup program, at New Berlin Central

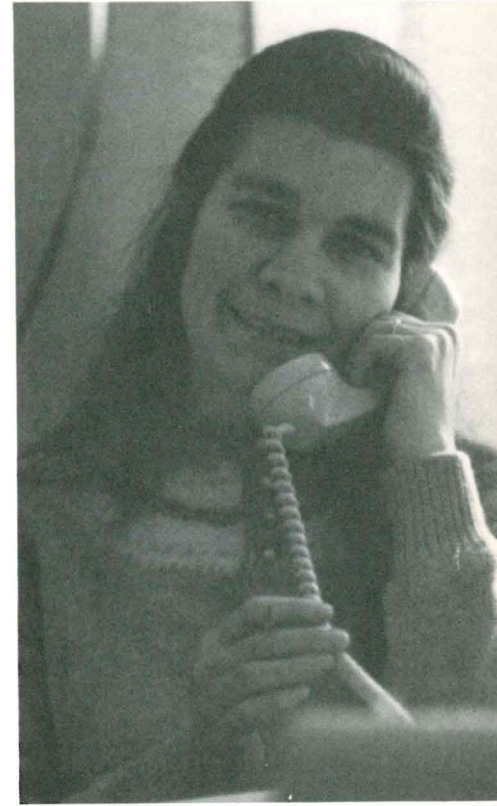

School. They also have Tupperware parties for fund raising.

They are supervised by Mrs. Russell, who is also the health teacher at M.C.S.

These are the people that make up the "backbone" of our school.

Although not always acknowledged, their help does not go unnoticed and is greatly appreciated.

## Business & Social Studies

History is taught by Mr. Leahy in the junior high and Mr. Stafford in the senior high. They both use modern methods such as Newsweek and the T.V. news to teach the students about current events.

The business department, taught by Mrs. Jacobsen, prepares students to go on in business-oriented careers if they so choose. Types of courses offered are: accounting, shorthand, business math, and typing.

# Looking Back

These pictures show how the class of 1981 appeared to the public years ago, before we discovered jeans, high heels, and Nike sneakers.

Life was much simpler then; all we had to worry about was which thumb to suck, when to cry, and whether to knock down the tower of blocks just built.

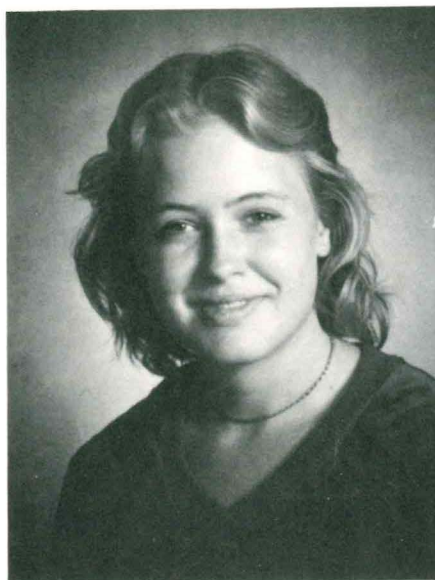

As time went by, we each realized that it was our destiny to become the future Seniors at MCS. Why not try and guess which one of these cute little kids grew up to be the seniors you know?

# Senior Play

The Senior Class presented, "Arsenic and Old Lace," a hilarious comedy about two elderly aunts whose idea of kindness was poisoning lonely old people. Their nephew Mortimer (Martin Gorton) accidentally discovers one of their "charities" hidden in the window seat.

The corpse is awaiting its trip to Panama (the cellar) with another nephew, Teddy, who believes himself to be President Teddy Roosevelt. While Mortimer is trying to devise a way to get his aunts and Teddy quietly put away another nephew, the villainous Johnny, returns.

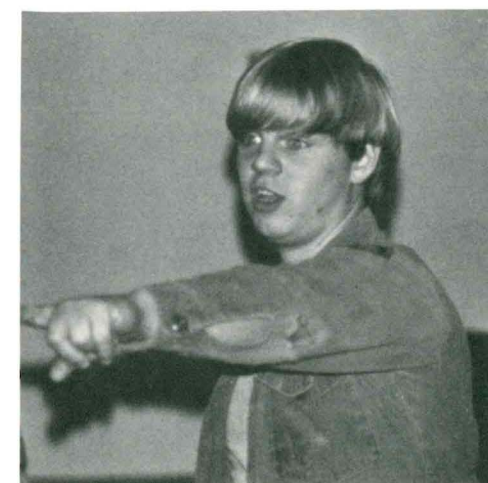

The confusion mounts, as does the laughter, until Mortimer finally has the aunts and Teddy commit themselves; Johnny is apprehended by the lollypop sucking Lt. Rooney (John Weidman); and Mortimer and Elaine (Brenda Benjamin) live happily ever after.

Also appearing in the play were Wendy Baldwin, Geesh Depiero, John Wheeler, Barry Spaulding, Becky Elliott, Laurene Scrivner, Martha Gorton, and Jeff Smith as Dr. Einstein.

We would like to thank David Joy, our director.

The Kindergarden learns many interesting things. They have a cooking project each month. In February they make ice cream, and eat it at their Valentine's Day Party.

In January they have a "Blow Out Day," which means a sliding day on their mini tobaggans. They also have hot chocolate when they come inside.

In the studying department they learn how to draw and how to use the craft board. At Christmas time they learn how to sew. They learn the A,B,C's and numbers. The Kindergardeners also have a story time every day. They learn to color and some students learn sounds and watch educational T.V. In November they study the Indians, pilgrims, and they pop popcorn without a cover.

Dear Yearbook,

Thank you for coming along each year and giving me an album to keep of each of my friends growing up,

Most of the pictures are of people laughing and special times. When I grow older I know M.C.S. and your book will always make me smile. Even when my friends are gone, you'll be there,  
 Sincerely,  
 Kimm Ann Pierce

We have some interesting people in our third grade class. We have a dinosaur expert. Anything you want to know about dinosaurs, he can tell you. We have a science fiction expert, too. We have some excellent artists and good writers.

Most of us enjoy reading. We have got lots of books to choose from. Learning cursive writing is fun. We are learning many interesting things about maps and globes and the world, too. We especially enjoy putting together our class newspaper. We are also learning to be good scientists. These are some of the reasons we enjoy 3rd grade.

# Safety Patrol & Record Hops

## Safety Patrol

Some Notes  
From  
Sixth Graders

We like 6th grade because of Safety Patrol. We protect smaller children from getting lost or hurt. We are very anxious for the trip to Washington D.C. We will enjoy raising money for the trip by organizing record hops.

We really liked Homecoming week with "hat day", "blue and white day", and "number day". Being the oldest in elementary school is fun and we look forward to junior high.

Mrs. Haight teaches social studies and Mrs. Perkins science. We enjoy both and think our teachers are nice.

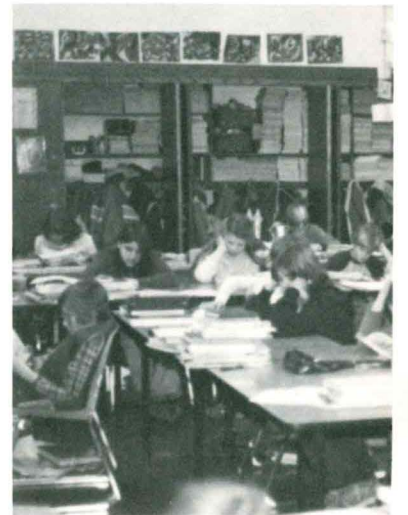

Our favorite lunch is pizza and steaks. Those of us that tutor enjoy it very much.

The seventh graders have finally made it upstairs with the "Big Kids." Classes all over-from the shop to the Home-economics room. Running to get to class on time becomes the normal thing.

With the newness of the upstairs, it seems they just can't get a break anywhere!

# Eighth Grade

*Super Mario*

After another year of rushing from class to class the entire 8th grade has succeeded in memorizing the upstairs layout.

The eighth graders have added a dash of life to the halls with their laughter and happy faces!

## Hello From Angie

Angie Carroll, Morris's Rotary exchange student this year, is spending her junior year in New Zealand.

According to her friends, she is doing the same kinds of things there she did while in Morris. She writes that she is having a real blast but misses everyone back home.

**Determination**  
Determination to pass all major tests and Regents. A lot of pressure from teachers and courses. The time to add up your credits for your career decision. The junior year.
