Morris Central School
Morris, New York 13808

BRING OUT THE BEST . . .

Bring out the Best in Computers.

School life at M.C.S. includes many activities. Receiving an education is one of the aspects of school life. The second most popular activity at M.C.S. is sports. The entire school and community has the opportunity to be involved. Our school has musicians, and musical productions are special events. This is made possible by the best in people.

The theme to the 1984 yearbook is "Bring Out the Best." All of these activities and people reflect this saying. In no better choice of words could it be written. For the one-hundredth time. Morris Central School is "Bringing Out the Best."

As the hundredth graduating class leaves M.C.S. and ventures into the "real world", we will fondly remember and cherish the first precious memories of our lives here at Morris. We go with confidence to find our place in the world in hopes that future generations at M.C.S. will carry the proud tradition of education with pride and strive for greater excellence for the next hundred years to come.

Memorial to
David J. Stachina
April 15, 1960—August 15, 1980

David was a multi-talented person who is remembered for his warmth and friendliness. He had a creative and intelligent mind and a spontaneous sense of humor. His vitality and enthusiasm were contagious and he had an enlivening effect on the people around him.

David graduated from Morris Central School in 1978 and was a Regents Scholarship winner. He received the Bauch and Lomb Award for the highest score in the physics regents exam. He was an engineering student in the 3-2 program at SUCO, Oneonta, majoring in mechanical engineering.

The David J. Stachina Memorial Scholarship Award is given to a senior aspiring to an engineering career or a related field.

Dedication to Phillip Gregory

We, the hundreth graduating class of Morris Central School, dedicate the 1984 yearbook to Mr. Philip Gregory, who has dedicated nineteen years of his life to the teaching of science at M.C.S.

Many of us had Mr. Gregory in ninth grade science and possibly chemistry and physics also. We realize his competence and dedication to serving the students of Morris Central School. We wish him much happiness in years to come and many thanks for his years of service to us at Morris . . .

A teacher affects eternity; he can never tell where his influence stops.

Dedication to Warren Card

Mr. Card first came to Morris Central School in 1973 and has served us for 11 years. Many don't realize just how important his long hours of work are. Contrary to popular belief, the halls, locker rooms, and classrooms don't become magically clean and orderly by the next morning. Several hours of hard work are involved, and we owe Mr. Card much thanks and appreciation for his undeniable dedication and friendly smiles.

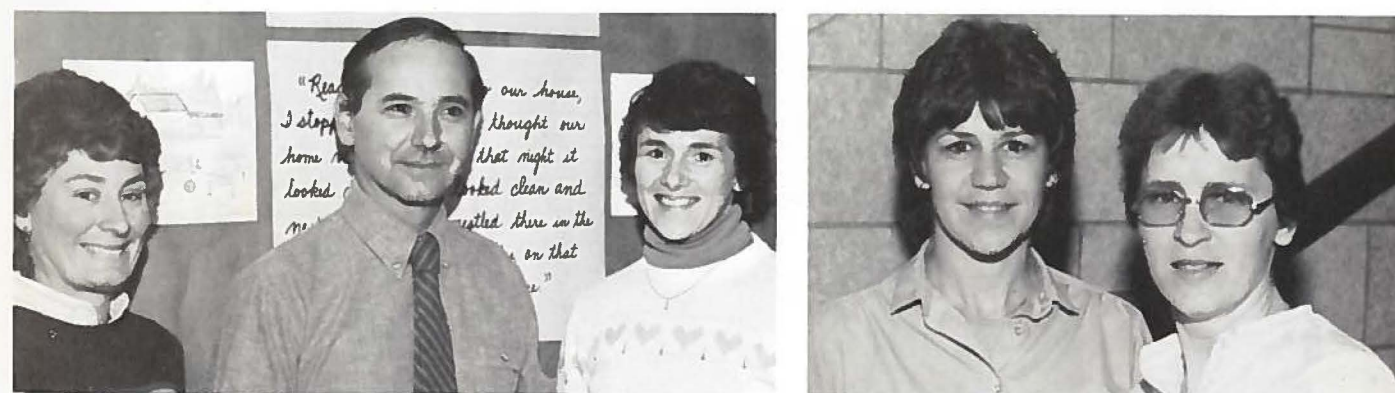

The class of 1984 would like to wish Warren Card many happy days in years to come.

SENIORS

This year, the 1984 Senior Class consists of thirty-nine students. A majority of the members have been together since kindergarten. We are a very close group of classmates and have always found it easy to get along.

Grade school life was an experience all its own. We cherish many fond memories and owe extreme gratitude to the teachers we were with. That life has come and gone.

After elementary we moved up the stairs to highschool. This seemed like it was the place to be. As a freshman, numerous opportunities were open for us. We found that there was more to school life than just learning and studying. Many of us found it hard to decide which way to turn.

We were offered the chance to play sports. Sports became a challenge to compete against other schools and to display our talents physically. "The thrill of victory and the agony of defeat" made us work for all we had.

We've also had the chance to express ourselves musically. For years we have been able to be in Christmas and Spring Concerts as a band and chorus. This was the time to settle down and act like adults.

Sports and music are two of the extracurricular activities that we put much time into along with many other activities. Even though these things divide us, we are still classified as one group.

Gordon's impression of Mr. Hanks.

In the background, always there to haunt us, was our school work. Many of us found our sophomore and junior years the hardest. Teachers demanding us to do our homework and constantly threatening us with tests, even though this seemed like a hassle, it had to be done in order to do the extracurricular. At the end of the year many of us were faced with regents that called for extreme preparation.

These years have gone by quickly and we now have found ourselves at the top of it all. We're "The Senior Class of 1984", and we're "bringing out the best!"

Each of us will someday separate and go out into the world as different people than high school life has had us represented as. In the back of our minds we will never forget the memorable times spent in high school. Day to day situations will make us recall the many good times we've had together at good old M.C.S. We are approaching our final days at Morris. We've made it the very best that we could.

SENIORS . . . SENIORS.

"To achieve all that is possible,
We must attempt the impossible—
To be as much as we can be,
We must dream of being more."

If in our minds we could always remember there is good that we cannot achieve, if we would try our hardest and above all else believe, then we succeed. Everyone has talents. Not everyone knows how to display them. Those who know how to obtain results from their talents and those who at least try are sure to find that there is nothing in the world they cannot do.

You should put truth above your own desires and value those as friends who feel the same.

*Love always,

We must take pride in that which has been accomplished, but when we make mistakes, we have to admit to our wrongs. You will always stand above all creations. Be what you want to be.

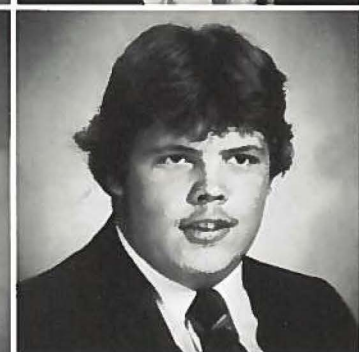

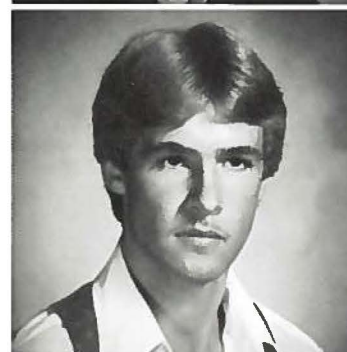

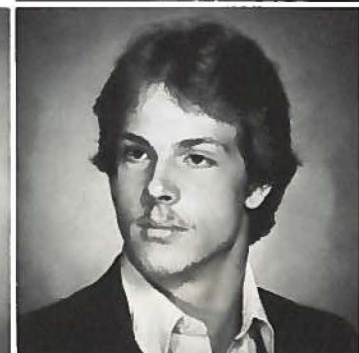

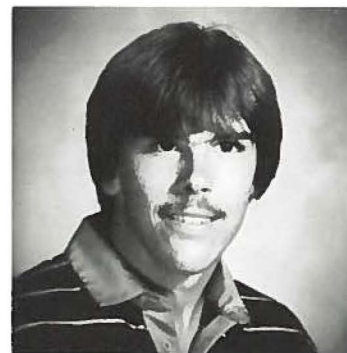

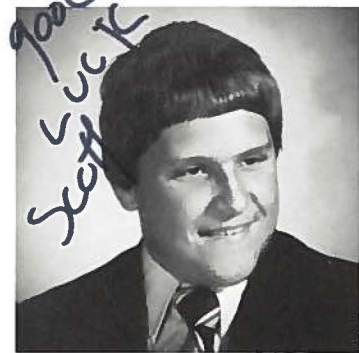

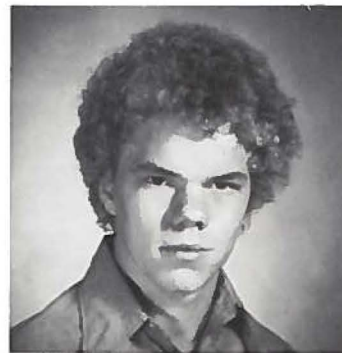

Success means many different things in life. To some it's fame and wealth. To others it represents happiness that is accepted along with responsibility. Some people have nothing. Many of the fortunate don't realize this. They have no idea of the kind of advantage they have over others.

Many people often measure success by certain possessions that they have gained or won. The real meaning of success is a person who has life filled with worthwhile things.

SENIORS . . . SENIORS . . .

To find the goal you want to reach, you must have confidence. This will make the difference between your success or failure. You need a lot of courage and some self-control when you are working toward achievements. There are always bad times and good times. The bad times will sometimes be difficult to conquer. Have some confidence in yourself and the good times will draw nearer.

Good Luck

Leaving high school is putting us out on our own. This is giving us a chance to express ourselves freely and begin to explore the world in any fashion we choose. That which has always been a dream is becoming true reality.

SPEAKING FROM ABROAD . . .

Birgitte Visch is our exchange student this year. She is from Cadier en Keer which is a city of about 10,000 people. Cadier en Keer is in the Netherlands. Birgitte graduated from her school last year, but she also plans to graduate with the class of 1984 here at MCS.

Students at Morris are very fond of Birgitte. Birgitte is a very good student and we're all enjoying her and learning about her country. We're also enjoying getting to know her as a person.

"I'd like to thank everybody, especially my host families and friends, for the wonderful and memorable time they've given me.

I think the people of Morris are very nice. I really hope I can come back to see you again. I wish everybody happiness. And good luck for all students with their studies."

Teachers—Doing their best for the hundreth time.

One of the most demanding jobs today is that of a teacher. The long and sometimes monotonous hours are not always worth the satisfaction received.

So many obstacles face the teachers of today. There is a new pressure to better prepare our young people for a more stringent, academic program and later, a more demanding, competitive world. Such obstacles almost seem unsurmountable; yet their jobs require patience and somehow they keep striving for the academic success of their students.

A teacher is . . .
"The candle which lights others in consuming itself."

TOUCH OF CLASS

Homecoming is full of major events such as a sock hop, door decorating contest, can day, jello contest, number day (which happened to fall on group picture day, in case you couldn't tell), the first annual female football game, a pep rally with bon fire, punk day, and the Big Game! The Morris Mustangs tied the Edmeston Panthers 20-20 and had a good reason to celebrate at the dinner and dance after the game. The cheerleaders really boost school spirit with these great weeks they plan year after year! Thanks!

BOYS' SOCCER

Some uplifting words from Coach Seroka.
Warren and Drew huddle with the guys.

Our boys from Morris, who help form the backbone of the Gilbertsville boys' soccer team, finished up the season with a 12-8-1 record including two games in Tri-Valley Sectional play.

John gets some parental criticism.

What???

VOLLEYBALL

Floor: D. Fisher, C. Stewart. Kneeling/front: S. Thompson, E. Brodrick, T. Tilley. Kneeling/back: M. Gluessner, B. Visch, C. Cozzolino, P. Murphy. Standing: L. Layton, P. Stewart, D. Lawton, Mrs. Zeiner, P. Vaun, L. Veres, L. Randall.

This year's J.V. and Varsity Volleyball teams really worked hard at practices and looked even better at the games. The J.V. finished up with a 5-5 record and the Varsity, a 3-7 record. The 3 high scorers on both teams were: J.V.—P. Murphy—59, L. Veresa Veres and E. Brodrick— and C. Cozzolino—42. Varsity scorers were: L. Randall—67, C. Stewart—37, and L. Layton and M. Gluessner with 36 each. Mrs. Zeiner was our coach again this year. She put a lot of time and effort into the Volleyball teams, making sure that we looked our best on the court. The Seniors, Lisa Layton, Dee Fisher, Carol Stewart and Birgitte Visch will all miss Mrs. Zeiner and the team.

Look! It's Superman!

Birgitte shows Lisa how people dance in the Netherlands.

What do we do now?

Mike bites the dust.

Going in for the touchdown.

The 1983 Morris Mustangs football team finished their season with a record of 3 wins, 2 losses and 1 tie. The Mustangs recorded their first winning season since 1977 and have provided the impetus for future winning seasons. The Mustangs placed five starters on the Tri-Valley All Star team including Gordie Rehrmann at offensive guard, Brian Anderson at flanker, Mike Wilcox on the defensive line, Dan Kolvik at linebacker, and Doug VanZandt at quarterback.

The Morris girls finished the season with a great victory over the West Champion, Franklin. This upped the girls' record to 5-7 for the season.

The team had 183 shots for goal for the season, opponents shot a total of 198. Our goalies had 173 saves, Julie Waffle 105 and Michelle Frederick 64. The team scored 24 goals total.

Despite two major injuries, the team made great strides during the season in learning new playing methods, skills, and the team skill of playing together.

Congratulations to Daphne Joy in making the Tri Valley soccer All-Star first team and to Dee Fisher in making the second team.

Big man on the court.

Hey, the ball's stuck.
Come out and get it. I dare ya.
Concentration.

The J.V. Basketball team this year has, at this writing, lost no games. They also won the Unatego J.V. tip-off tournament. This was due to the combined efforts of the team members, including outstanding performances by the starters: Brian Anderson, Robert Joy, D.J. Bourgeois, Jeff Leahy, and Neal Bryden. These players will make for an exciting Varsity team next year.

Our Varsity is doing well this season due to the superb team work of all the members and the special efforts from the starters. The starters are Joe Mitchell, Robert Wheeler, Larry Tiffany, Brian Forgit, and Doug VanZandt. Next year the team will be losing Larry Tiffany, Brian Forgit, Doug VanZandt, and Bob Wheeler from the starting line-up, but there are many talented players to fill their shoes.

Another season has come upon us. The girls' basketball team has struck up another good season. At the halfway mark, our girls had the record of 7-0 with the help of three coaches: Mr. Bill Woods and Mr. & Mrs. J. Martin who are leading us in a super season. Cathy Forgit leads us with 57 offen-

sive rebounds. Sophomore Julia Page is leading in 80 defensive rebounds. These two girls on the boards are a great help to the team. Daphne Joy is also part of the height advantage for the Morris girls. We're having a great time and a good season.

That play wasn't my idea.

MORRIS SPRING SPORTS

Boys' Baseball and Girls' Softball

The Boys' Baseball team went 4-7 last year with many close games such as a 5-6 loss to South New Berlin and a 1-4 loss to Otselic Valley. The high point of the season was a 33-2 win against Mt. Upton. The expectation for next year is a high one, with more winning in the offing.

The Girls' softball team had a lean season last year, winning only two of their 10 games. The wins were against Franklin 17-16 and South New Berlin 18-4. The most devastating losses were at the hands of such teams as OV and SNB. The girls have put last year's season behind them and are looking ahead to a better season next year.

OUR CHRISTMAS SPIRIT

Giving Not Getting

Christmas was a very special time for everyone this year. The entire school was in the Christmas spirit.

The classes throughout the school worked on various projects that centered around giving. The elementary did such things as creating and distributing paper wreaths, going caroling, making place cards and napkin rings, and baking cookies to be served at a tea session. Some students donated food, toys, and money for needy people.

The high school English classes wrote poems and stories that were collated into booklets.

Santa, commonly known as "Porkchops", is my buddy.

Christmas wreaths and sprays were designed and given to the senior citizens. Another class presented a play for the children. Christmas concerts were performed under the direction of Mrs. Herrick and Mr Shoales after many weeks of preparation by the choruses and bands. Things were going so well in Morris that the news spread to Santa. Mike Wilcox played the role and passed candy out to the elementary.

The week before Christmas was a very special time in the town of Morris. We found that Christmas means much more when you're giving, not getting.

Jeff and Neal are proud of their accomplishment.

Jim, would you like some cookies? I think I'm gonna' be sick.

Move over, Betty Crocker. Here come the Chefs of America!

Warren and Chrissi donate their skills on waiting.

The end of the Yearbook?
We're not happy about this!

Scott,
Take care of yourself.
Have fun in the years
to come. Don't party
to much and try to
milk a bull. Good luck
in college. Try to stay out
of trouble and get good grades.
